WORDS FROM THE PRESIDENT

JOHN MCNEIL

This season the Warrnambool Surf Life Saving Club celebrated the 92nd year of patrolling the beach and serving the community. In delivering this service for another year we can proudly say we maintain the position of no lives lost. It's not a trivial statement, It drives everything we do, from waterproofing our nippers to looking after themselves in the surf, while also developing the skills of our SRC and bronze medallion holders so they can look after others. We develop and hone these skills in and out of the water through training and competition to deal with whatever is throwing at us, as it's a reason for being lifesavers.

This season seemed like one big experiment together with the other 315 clubs around Australia and with the support of Life Saving Victoria we figured out how to open our club, our restaurant, run nippers, Patrol the beach, train our bronzes and compete at carnivals. With such uncertainty I'm proud to say that we successfully ran all annual club events including the swim series too which we also introduced Portland SLSC as a partner. We also hosted the Senior Victorian Surf Lifesaving Championships and the summer of surf battle of the bay.

In my Second term as President, I continue to be grateful for the support of our great committee and in ore of what our Nipper committee have achieved under the leadership of Clint Joseph and Travis Madigan. together with their age managers this small team overcame the uncertainty of Covid and delivered an incredible service to our community. the value of which can never be calculated. This team works to introduce our future lifesavers to the surf by having fun in the waves. They are also taught how to overcome the dangers they may face in the ocean, with inclusion being the program's core goal.

To our members and volunteers that patrol the beach, your efforts are invaluable and our patrol numbers have been very solid throughout the entire season. Our core business of patrolling does not happen by itself. Our Patrol Captains and vice Captains have been invaluable with their organisation and up skilling of their groups.

CONTINUED

The way patrols were carried out this season, can only see great momentum heading into the 2022/2023 season and I'm sure that we will consolidate our patrols even further after much work within this area went into patrols prior to the season beginning. Club Captain Josephine McDowell has been tireless in building patrols this season and the club is indebted to her involvement over many years. Josephine involves herself in many aspects of our club and is the reason why our club has gone to the next level in patrolling and training-assessment. I'd like to personally thank Jo for her tireless efforts this season, this work doesn't go unnoticed, and the club is very fortunate to have members like Josephine.

The way patrols were carried out this season, can only see great momentum heading into the 2022/2023 season and I'm sure that we will consolidate our patrols even further after much work within this area went into patrols prior to the season beginning. Club Captain Josephine McDowell has been tireless in building patrols this season and the club is indebted to her involvement over many years. Josephine involves herself in many aspects of our club and is the reason why our club has gone to the next level in patrolling and training-assessment. I'd like to personally thank Jo for her tireless efforts this season, this work doesn't go unnoticed, and the club is very fortunate to have members like Josephine.

The annual skills maintenance sessions were deemed some of the best for many years. Those in attendance were given a briefing about the requirements of the upcoming season, the importance of attending rostered patrols and updated on the new CPR spinal and requalification protocols. We also saw members embrace the opportunity for new awards and qualifications which is continually needed to bulk up our skill base. These are recorded in this Annual Report. To all our trainers and assessors, thank-you so much for your great work to bolster the requirements of every patrol.

The Bronze Medallion programs within our local secondary schools (Brauer, Emmanuel and Warrnambool College) have for many years seen new members come to our club. We'd love to see these students continue for many years and We thank the staff that teach these students about lifesaving. Chief Instructor Dean Kilpatrick's and all our team of trainers and assessors put in an enormous effort to work within the constraints imposed by covid, all this hard work will put us in a great position to take on any challenges next season brings.

CONTINUED

Our competition squads are just getting larger and stronger. The hard work of our club athletes have seen some very impressive results within the board/ski and beach section, and this is a testament to their dedication to hard work. The coaches (Steve Kerr, Sophie Thomas, Jackson Fary, Travis Madigan and Conor Cook) have been instrumental in the success and culture of the squads and are to be commended on their leadership. As a club we achieved a very successful season state championships on our home beach. Finishing 3rd in the overall club point score. It makes me very proud to say that all competitors were Warrnambool people and have grown up in and around the club.

A big shout out to our Australian championships competitors who overcame all obstacles to attend and represent Warrnambool on the gold coast. The ability to represent our club at carnivals was all made possible thanks to the work of John Cook, whose commitment to keeping the team focused during all the uncertainty of whether we would compete was terrific, while John organised the competitors, we also had many other volunteers in the club who assisted in the officiating and water safety of events, including local carnivals, state champs and the Aussie Titles. We thank all these people; the club and carnivals couldn't run without you.

This year we have seen a massive upgrade in the club's social status. The work of James Kol to revolutionise the club's online profile has been instrumental in securing club funding and sponsorship. While for other clubs I'm sure they found securing sponsorship very hard during covid times, we as a club had a record year in sponsorship. As a very technological person myself and after following nearly all surf clubs around Australia on Instagram i can proudly say we have the most engaging and entertaining social profile. James has not only supplied the club's members with constant updates on club events, nippers and carnivals but also secured two technical advancements for the club in the surf cam and the LED screen. I can't thank James enough for his work and commitment to the club as his skills are truly first class and we are very fortunate to have him.

As a club we are indebted to Dale Nepean, Clinton Hill and Alan Aulsebrook for their valuable and significant assistance they have both provided to the finance and administration of our club. The Warrnambool Surf Life Saving Club is now a large Surf Life Saving Club and takes a significant effort from many volunteer members to ensure that we continue to operate successfully. So, on behalf of the whole membership, I would like to thank Dale, Clinton and Alan who have served the club so selflessly this year under trying times.

CONTINUED

The events and social side of our club this season was all thanks to Jacinta Roache. Covid caused many challenges in which Jacinta was able to overcome and deliver all club events including both the pink patrol and Let's Talk patrol which were all very well supported and enjoyed by club members. Thanks Jacinta.

I would like to thank the Redevelopment Committee for their many hours spent working on the future of the Warrnambool Surf Life Saving Club master plan. A special thanks to Bernadette Northeast and Josephine McDowell, exciting times ahead!

As my first year as President, I can't thank all members enough for the support and assistance I have received this season. We have had many ups and downs but have continued to move forward. I am excited for the upcoming season and can't wait to see you all on the beach in season 2022-23.

John McNeil
President

CLUB CAPTAIN REPORT

JOSEPHINE MCDOWELL

The club has enjoyed a season of consolidation of our Lifesaving Services. It was the longest lifesaving patrol season on record for our club and challenging for all our volunteers to ensure the beach was covered for a five month stretch every weekend from November to April. Despite these challenges the club and our members did an amazing job meeting the patrol protocol set by LSV.

The club has been working with LSV this season and has made several representations to give feedback on season length, the hours of patrol, the enactment of observational patrols in quieter parts of the season and better mechanisms to co-ordinate after-hours response by members. LSV has undertaken a review of lifesaving services statewide. We have given feedback to a Warrnambool City Council (WCC) review on beach access points in collaboration/discussion with SES, it was great to meet their members and see their facilities. We are also at the close of season locally reviewing our club response to after-hours emergency and subsequently working with LSV on this process.

Skills maintenance, new bronze medallion and SRC courses and advanced awards were coordinated by Dean Kilpatrick our Chief Instructor with Covid-19 outbreaks throwing a curveball towards some plans. Thank you to members for being ever flexible and accommodating and to the training and assessment team for ensuring we all held the competencies to patrol the beach.

Lifeguard services were extended slightly on last year and there are representations by our club to WCC and LSV to extend the duration of the weekday Lifeguard service in peak period December to February especially given our large tourist numbers during this period.

We have a lot of volunteers giving significant time to our club and ensuring our patrol obligations are met for the safety of the public. Meeting our patrol obligations also ensures that the club is eligible to compete at state and national surf carnivals. The club strategy of adding all members who complete Skills Maintenance or a new Bronze Medallion/SRC award to the patrol roster is to encourage all members to undertake some volunteer patrols. Volunteer patrols provide an opportunity to build on learned skills, for new people to our club to meet other members, to hang out with club friends and to give back to the community and the club.

CONTINUED

I would like to extend a thank you to those members who responded to patrol text reminders, strove to keep their patrol commitments, helped organise subs when they couldn't attend, ensured they patrolled enough hours to meet competition requirements and who answered the call when we were short on numbers. To our patrol captains in particular – your role in chasing numbers, mentoring members and maintaining the quality of our patrol service is greatly appreciated.

Our congratulations go to Lifesaver of the Year John Cook. John has been a most reliable lifesaver for many years – and not just because he lives at the beach but for the time he spends on patrol/water safety. He puts his hand up whenever we need numbers, gathering up members to attend patrol and ensuring that their time on the beach is enjoyable and the job is done. Thank you John. Finally, I'd like to extend a special thank you to the following people. Without their support, input and considerable time contribution lifesaving services at our club would not be possible.

Western Area Lifeguard Coordinator: Mick Owen

Western Area Lifesaving Operations Officer: Justin Houlihan (Chris Sharam until Dec 2021)

Chief Instructor: Dean Kilpatrick

Western District Training & Assessment Officers: Kristie Chiller and James Green (Port Campbell)

IRB & Gear Steward: John Whitson (and his IRB partner Kodak)

Director of Lifesaving: Matt Hardiman

Josephine McDowall
Club Captain

Membership statistics

The purpose of this report is to provide insight into your club's membership statistics for the 2021/22 season. Statistics for previous seasons have been included, allowing you to draw comparisons year-on-year. Full statistics can be requested from LSV through your VSO.

DIRECTOR OF FACILITIES REPORT

XAVIER THORNTON

Season 2021/22 continued to see our club house deteriorate. Roller doors, rusted door and window furniture, loose external cladding / fascia, leaks, amenity plumbing, floor surfaces issues are all indicative of an aging facility. The club's own awareness of the facility was validated by three independent facility audits (WCC, LSV, private contractor) all which highlighted the steady state of decline. The above-mentioned matters are only underscored by a facility that has no disabled access, has insufficient power infrastructure, and whose roof needs replacement. Further to this, the club house precinct has insufficient public parking, extremely poor pedestrian / vehicle management, poor emergency service access and has a boundary with Surf Side One which is best described as an eye sore.

Fortunately, the club has invested over \$125K into the community consultation, planning and designing of a new purpose built club house (green field site: @\$12M build cost), which should serve the club and broader community for many years to come. This project has seen significant financial commitments from both State and Federal Government tiers, and fingers crossed our club's community efforts will soon reap rewards.

Our vehicle and trailer stock were greatly enhanced by the acquisition of the new Nipper Trailer. This trailer, sponsored by Pacific Materials Handling, has streamlined logistics around our young nippers engagement at carnivals. The size of the nipper trailer caused some minor storage issues, but once again our resourceful club community has supported the safe and accessible storage of this behemoth.

Looking forward the club ute, ATV (sponsored by Copper Energy) and Beach Patrol Trailer will all need replacing. Regular maintenance and respectful patrol member usage has seen the club ute, ATV and Beach Patrol Trailer serve us well, but due to their proximity to sea air and salt water, their time has come.

The Club Gym is now seen by members as a 12-month resource and its wonderful to see its respectful use by so many members, both competition squad and non-comp members alike.

CONTINUED

And finally, I must again publicly commend all members for their ongoing efforts in keeping the club and the club house precinct safe, secure, clean and tidy - picking up rubbish, locking doors if you're the last out, following COVID cleaning procedures including putting away Gym equipment all help our club be an asset to our members. Acknowledging the terminal state club house these effort by our members ensures an aesthetically pleasing experience for all, albeit in a facility that is in its death throes.

Looking forward to an exciting 2022/23 season and beyond.

Xavier Thornton
Director Facilities

DIRECTOR OF JUNIOR ACTIVITIES REPORT

CLINT JOSEPH

Firstly, thank you to our volunteers for their understanding, assistance and flexibility during our 'covid normal' 21/22 season. Without 50 volunteers each week our Sunday nipper program and competition squad simply cannot run. Direction received from LSV for the 21/22 season was to 'do what you can, when you can' in recognition of the different areas across the state potentially being affected differently by covid – this saw the removal of month by month block planning as used in the prior 20/21 season and relied at time upon reactive decision making.

Our Sunday nipper program commenced at the start of December with the ever popular and enthusiastically attended under 8 induction session followed by the remaining the age groups increasing numbers from last year to approximately 260 enrolments. Of these attendees practically all are local children attending the majority of sessions highlighting the recognition parents place on being active and safe around our waterways. This season saw the introduction of additional age managers for each age group providing both a better program and age manager flexibility to attend commitments outside club. With additional age managers saw the introduction of Age Manager Mentors assisting our new managers.

The season ran successfully under the covid restrictions at hand. WSLSC induced a brief closure (similar to many clubs at the time) after the Christmas / New Year period due to localised covid outbreaks and close contact isolation rules affecting many of our members in turn temporarily preventing the safe operation of our program. In all 10 sessions were held culminating in the nipper champs with great attendance numbers throughout the season.

This season saw increased numbers in our under 14 age group with 23 obtaining their SRC and joining patrols for the first time. We saw the increase in popularity of the LSV leadership camps returning after covid restrictions.

Our competition squad saw the return of approximately 70 nippers back in October for training. It was heartening for parents and coaches alike to see the athletes smiles and excitement once back in the water with their friends.

CONTINUED

Our first carnival was held at Ocean Grove in what are often challenging conditions for the start of the season. With the advent of covid outbreaks over the Christmas / New Year period the decision was made for the safety of all our members to not attend the second carnival at Cosy Corner which was subsequently cancelled due to covid out break induced lack of available volunteers similar to our own circumstances and subsequent closure at the time. A small number of our athletes were required to compete in state qualifying events at Pt Leo in flat conditions for what would be a state carnival on the surf coast.

An LSV initiative saw our under 13s invited to compete at a senior carnival held in Lorne, providing the opportunity to compete and witness the senior carnival format before their next competition season. Nipper Vics were held at Lorne. Due to the forecast conditions the carnival start time was brought forward as early as possible on Friday to include as many water events as possible. Saturday saw no water events held followed by limited events completed on the Sunday. Many volunteers including our own put in additional time on the Friday, without which those events would not have run. Despite the surf conditions and true to our clubs members an enjoyable weekend was had with most camping together and making the most of the weekend.

The arrival of the new nipper trailer proved a game changer for attending carnivals. The ability to transport over 70 nipper boards, rescue boards, tubes, reels, safety equipment, tents and accessories safely in one trailer is fantastic. Thank you to Pacific Materials Handling for your generous donation for our members.

Our increasing numbers and community support is due acknowledgment of our volunteers perseverance and commitment over the last two years. We look forward to a more normal and less restricted 22/23 season to which planning has already commenced including reviews of the delivery of our Sunday education program, an intensive SRC training program, member re-engagement post covid, competition training, coaching accreditations and carnival official training.

Clint Joseph
Director Junior Activities

DIRECTOR OF MEDIA AND COMMUNICATIONS REPORT

JAMES KOL

The Warrnambool Surf Life Saving Club has continued to progress into the 21st century using a mix of digital and traditional media channels designed to promote the social and community aspects of the club and to encourage members, old and new, to make and build friendships and connections.

The past two years have been incredibly challenging to run events and social gatherings which altered the way we had to operate. An effort has since been made to use technology that would allow the club to not only reduce the administrative workload but deliver new opportunities through sponsorship and to engage with our community.

In November we launched our very own independent membership payment portal as well as an online store. This gives our members the most direct approach to renewing and purchasing their membership whilst co-existing with Surf Life Saving Australia's membership portal. The platform was designed for ease of use whilst significantly reducing administrative tasks for members of the board. The online store also allowed members to purchase apparel and carnival entries.

Significant infrastructure upgrades this season saw the club implement a multi-vision surf cam which allows viewing from anywhere in the world for free. The cameras provide constant 24/7 monitoring of beach conditions as well as sponsorship opportunities for the upcoming season. A new CCTV system has also been installed around the club to provide better security for club craft and equipment.

Another major part of our season was the launch of the Warrnambool Surf Life Saving Club precinct master plan. A key focus of this launch was to engage with our members and the general public to showcase the reasons as to why the redevelopment was necessary and that the important work that the club does for the community warranted a life-saving facility fit for the 21st century. The launch utilised a number of our media partners and saw an overwhelmingly positive response to the project.

CONTINUED

Over the past two years our sponsorship program has played a vital role in ensuring that the club could stay financially sound with the disruption that the Covid 19 pandemic had on us. With the help of Alan Aulsebrook and John McNeil it has been a key focus to streamline the administrative duties surrounding this and to present a valuable offering to our supporters of the club. We are extremely grateful to the businesses and organisations who continue to come on board with the club and it is focus to continually strengthen and maintain these relationships going forward.

This season we also continued to produce our member engagement content series. Producing this content allows us to engage with our current and past members as well as the general public with a strong focus on giving them a feel of what the WSLSC is and what we do in the community. In the upcoming season we will exist to create an inclusive culture which promotes a healthier and happier community throughout our club.

James Kol
Director Media and Communications

DIRECTOR OF MEMBER LEADERSHIP & DEVELOPMENT

JACINTA ROACHE

Our season commenced with a glimmer of hope for a year uninterrupted by COVID-19, however we have again met the challenges with a successful 2022-23 season despite the pandemic often dictating how we managing our club and engage with our membership. Our focus again shifted away from recruitment due to COVID to retention and engagement of our current membership. The monitoring of COVID safe procedures enabled us to continue to provide our active members access to craft during the early stages of the season for training and to support our members wellbeing throughout the season.

Numerous changes to the competition calendar and the impact of depleted human resources at times due to COVID challenged our capacity however our club again demonstrated the resilience of its membership by hosting successful surf sport events, social engagement initiatives and a long patrol season. The annual John Dodd's team/individual relay was again held with good numbers. Feedback on our club activities suggests members are starting to recognise events such as the John Dodds as whole of club initiatives and we hope to build on participation from our broader co-hort.

This year we held a scaled down PINK patrol and social gathering due to timetabling challenges. We hope to build on this event in 2022-23 as it is an important initiative to recognise the contribution of our female members past and present and give our younger membership a better understanding of our clubs' history and the involvement of women in surf lifesaving. We also introduced a women's board session with coaching support from Lisa Munro. These sessions have been well supported by an enthusiastic group of female members who are hoping to build fitness and board skills to support our current programs.

Another new event for 2022 was the, Men's Patrol. This initiative was well supported and gave the club an opportunity to recognise our male members as well as provide support and gender specific information. John Parkinson from the Let's Talk Foundation presented on the topic of mental health and wellness. We hope to make this an annual event with a different topic or activity each year.

CONTINUED

Early in the season we hosted one of three accessible beach events in conjunction with Port Campbell and Port Fairy SLSC and South West Sport, to demonstrate best practice inclusiveness to the region's local community leaders. With a strong turnout many of the community members attending voiced that it was their first time on the beach for anywhere up to 25 years.

Youth retention and involvement in our competition squad was again a focus during the season. The Youth Co-ordinator role continues to support the specific needs of our young people and the challenges they face transitioning from our Nipper program into our volunteering and senior competition areas. Focused communication and mentoring for our U/14's and new recruits supported 16 members joining our youth training squad and commencing patrol as SRC Award holders this season and 31 youth training in total with Youth Coach, Sophie Thomas.

To support our youth to access surf sports without the initial burden of purchasing a competition Mal, 4 new 4D competition mals were purchased at the start of the season. The Club board hire program continues to be a valuable way of retaining our youth as they progress to senior ranks and ensures access end equity for all.

We continue to see the clubs soft mals being used frequently as part of the Nipper program and by our youth training squad. They have proven themselves to be a valuable addition to our programs, reducing costs associated with board damage by new users and supporting our youth to gain confidence as they move to the larger boards.

As part of the LSV Membership and Leadership Development youth programs we were able to offer and support Sam Joseph to attend the U/13 LSV Leadership Camp at the YMCA Camp Lake Dewar, Myrning. William Furphy attended the Life Saving Victoria Development Day and Denny Fawcett, Pdraig Nelson-Hill and Stephanie Reynolds attended the U/15 Leadership development program in Anglesea. Stephanie said that, "during the camp I met so many new people from all across the state. I learnt lifelong leadership/communication and lifesaving skills and now understood future opportunities that lifesaving has for me while pushing myself out of my comfort zone". All participants returned with positive feedback on the program, friendships, and opportunities the camp offered.

Our plans to open Bashers Bar, on a weekly basis during the season did not progress due to Covid-19 however we are in a good position to move forward with this initiative next season. We were able to offer a number of social evenings linked with club events and programs which were well attended. Our bar continues to be an opportunity for growth and fundraising. The gym continues to have good patronage during the competition season. 3 induction sessions were held for new members with the support of Toby Pettigrew and more recently Karen Benson.

CONTINUED

This year the club nominated Jo McDowel for a, Women in Surf Lifesaving Award. This award recognised the amazing contribution of women such as Jo who contribute across varied areas of our club and go above and beyond in their commitment to volunteerism.

Our annual awards dinner concluded our season with approximately 161 members attending representing all areas of our membership. A wonderful evening was had by all.

Jacinta Roache
Director Member and Leadership Development

DIRECTOR OF SURF SPORTS REPORT

JOHN COOK

The surf carnival season in Victoria provided a great number of successes for the Warrnambool Surf Life Saving Club competition squad.

Our club is fortunate to have many volunteers that participate, coach, drive watercraft and give their time when asked and I would like to acknowledge the following: Stephen Kerr, Ben Johnson, Jackson Fary, Chris Hoffman, Travis Madigan, Rodney Owen, Peter Day, Mark Owen, Michael Owen, John Hart, Sophie Thomas, Martin O'Brien, Leonard O'Brien, Leigh Moncrieff, Richard "Boots" Keilor, Xavier Thornton, Toby Pettigrew and Gary Askew.

It was also great to see emerging leaders undertake the responsibility of taking training and guiding the next generation of athletes at the WSLSC who were Jane McMeel, Paddy O'Brien, Ellie Johnson, Emma Ragg, Will Mc Neil and Conor Cook.

The first scheduled Surf Carnival was cancelled due to Covid restrictions at Torquay on November 7, 2021, however, competition kicked off with the traditional Endurance Championships at Cosy Corner on November 13, 2021, where a small squad was able to place the club 8th overall in points. Isaac Owen placed first in the Under 17 Male 4km Board race and Mia Cook placed first in the Under 17 Female 6Km Ski and both the Open and Under 17 Female 4km Board events.

The annual Jim Wall event was held on January 2, 2022, where the WSLSC fielded a strong team presence at Torquay. Racing was at a very high standard with some solid results across the club with Mia Cook coming third in the female version of the Jim Wall event. In early January the WSLSC was represented by Mia Cook for Victoria at North Bondi as part of the Super Surf Teams Event which integrated with the first rounds of the Nutra Grain Ironman and Ironwoman competition series.

With the hospitality of the North Steyne Surf Lifesaving Club as a host, we had competitors represent the Club at the Manly and Freshwater carnivals in Sydney. A small group attended this season and we look forward to continuing this relationship and racing opportunity next season. Four competitors also represented the club at the Summer of Surf event at Northcliff on the Gold Coast in mid-February in preparation for the Australian titles that were to feature close by.

CONTINUED

In a first for Warrnambool the Warrnambool Surf Club hosted a Summer of Surf Series carnival on January 28 which attracted clubs and competitors from across Victoria, Queensland and South Australia. The event was deemed an overwhelming success with over 180 competitors having a great day of racing; all indications point to it becoming an annual event on the life saving calendar.

Once again Warrnambool hosted the Senior State Surf Life Saving Championships which was held over 3 days with over 750 competitors including 74 from Warrnambool relishing the conditions. Numerous medals were achieved by our athletes and saw the club place fourth overall which from anecdotal evidence was one of the club's greatest achievements at a State carnival.

Joe Madigan received the Beach Athlete of the Carnival for the Under Under 14 Men by winning Gold in the Flags and Silver in the beach Sprint. Other notable individual achievements were: Isaac Jones: Gold in Open Men's Surf Race, Cooper Phillpot: Gold in Under 17 Men's Flags, Mia Cook: Gold in Under 17 Women's Board, Ski, Iron and Open Women's Board and a Silver in Open Women's Iron, Alana Johnson: Silver in Open Women's Ski, Stephen Kerr: Silver in Open Men's Board, Spencer Harrison: Silver in Under 17 Men's Flags, Darcy Bridgewater: Silver in Under 17 Men's Board, Ella Bryant: Silver in Under 14 Women's Beach Sprint.

There were many team successes at the State Titles; too numerous to mention, but a thrilling end to the Open Men's 6- man Taplin saw WSLSC narrowly pipped at the post for a Silver medal and proved the excitement and high rating of this event.

A notable addition to our State Titles involvement was the return of a Surf Boat Crew that contested both the Masters and Reserve Men's categories, we hope to grow our surf boat numbers in the coming seasons. At the Australian Titles held on the Gold Coast in April, 2022 WSLSC was represented by 22 athletes across Masters, Youth and Senior Age groups in beach and water events. Many progressed through to semi-finals in various events and we had Mia Cook as the only individual competitor to make the Final of the Under 17 Women's Board Final with the Under 17 Female Taplin Team placing fourth overall.

John Cook
Director Surf Sports

DIRECTOR OF TRAINING REPORT

DEAN KILPATRICK

Warrnambool Trainers, Assessors and Facilitators are a dedicated and committed group of volunteer members, who make a huge contribution to lifesaving. These individuals go above and beyond to ensure volunteer members have the knowledge, skills and rescue capabilities to provide the Warrnambool community and visitors with a safe beach environment. I would like to thank the trainers at the club and the western area for their knowledge and support, their professionalism and sometimes unrewarded efforts that are greatly appreciated.

A very big thank you to Josephine McDowall, Kristie Chiller, Jason Kermeen, Michael Owen, David Ferguson, Clint Joseph, Travis Madigan. I would also like to take this opportunity to thank James Green for his diligent work. It will be James last year as he is stepping down. James received the Graeme Long Memorial Medal as Life Saving Victoria's (LSV) Volunteer of the Year. Green, a member of the Port Campbell Surf Life Saving Club (PCSLSC), and has some big shoes to fill.

Volunteer training provides members with an opportunity to achieve nationally accredited units of competence through the delivery of certain courses. Many of these units of competencies are recognised by other industries, in particular first aid and CPR, so not only does conducting this training help the club but also helps members upskill for their workplace and lifestyle.

I would like to thank everyone for the way they have upskilled and taken on more responsibility around the club. This season saw candidates gain new awards, (Silver Medallion Beach Management, IRB crew, Advanced Resuscitation and First Aid). We thank our members for this increased commitment to furthering their knowledge and training, it greatly boosts our patrol capacity and it enables more flexibility within our patrol groups. It was great to see members gain their advanced awards which in turn helps at patrol, as we need these advanced awards in addition to the Bronze medallion to conduct patrols.

This season, LSV successfully introduced the new blended delivery ARTFA course combining the Advanced Resuscitation Techniques (ART) and First Aid (FA) courses. The new course provides a one-day delivery option for both awards and fulfills the new prerequisite to complete the First Aid award before Advanced Resuscitation Techniques award.

CONTINUED

Again, a revised model for skills maintenance delivery with an emphasis on online content and demonstrations helped participants adhere to COVIDSafe protocols, removed the need to share\ equipment, ensured social distancing was maintained and overcame limitations for the respiratory components of CPR. Skills Maintenance this year saw us conduct Fifteen individual skills maintenance sessions. It was able to cover the start of season information about membership renewal, new club board members, how patrols would run and patrol rosters and also to refresh skills. We were able to deliver skills maintenance training and assessment activities under [SV's exemption as an emergency service provider during COVID-19 restrictions.

We had another successful year of Bronze Medallion training by Mark Owen (Emmanuel College) and Jason Kermeen (Brauer College) with these students going on to join our patrols over the summer season. Jackson Green (Warrnambool College) has also gained his trainers Certificate to hopefully next year we will see an influx of students from Warrnambool College to help patrol our beach. Our school BM training programs encourage many young members to join our club and volunteer. Most importantly they learn essential surf lifesaving skills. The students were very successful in ensuring the progression onto patrols for all those who completed their Bronze and SRC training has helped to boost our patrol capacity and we welcome these new members into our club.

Again, I would like to thank all the trainers, assessors and those who assisted with training at our club. The number of awards that were completed this season would not have been possible without the hard work. We also received help with training and assessment from Scott McKenzie, Lara Falk, Paul Buchanan.

LIFE MEMBERS REPORT

JUSTIN HOULIHAN

It's been great to get together several times over the season as a group of Life Members of the Warrnambool SLSC. With the last two years of restrictions and lockdowns, it has been very hard for anyone to realistically catch up with some consistency, so it has been refreshing to see that we are resembling some kind of normality and coming out the other side of the pandemic. Being involved in club activities is something that many Life Members have enjoyed whether it has been cooking BBQ's, flag bearers and helping conduct the State Titles, attending club functions, patrolling and generally taking a very keen interest in the development of the club. The group would like to congratulate the Board of Management for driving the future direction of our club and involving the Life Members in the potential new clubhouse design.

Of particular note is the work of David Atkinson that held the chair of the Life Members position over many seasons, initially handed over to him from Ron Blackney. David was very proactive in ensuring that the Life Members stay connected and has been a great voice of reason for the club over many years. Many thanks David, for your willingness to chair the group and keeping everyone informed.

On a sad note, two of our Life Members passed away throughout the 2021/22 season. Vale Ron Blackney and Lindsay Brain. Ron was a stalwart of surf life saving in general. His energy and passion for many aspects of the club was recognized with a fantastic 'celebration of life' event where hundreds of people were able to congregate down at the clubhouse and beach. It was a very fitting tribute to someone that was a pillar of the club over so many years. Lindsay passed away in Mooloolaba and he trained and assessed hundreds of members throughout the 90's and 00's, supporting the club immensely to provide suitably qualified patrolling members. Lindsay was also our Treasurer for several seasons overseeing club finances and his passion was in IRB's, helping out at State and Aussie titles with water safety.

We pass on to Pat, Sharon, Ann-Marie, Lynn and the Blackney families, and to Pauline, Robbie and the Brain families, our sincere condolences. We thank both Ron and Lindsay for all their influence and voluntary service to our club. Lastly, whilst we do not have anyone to put up as a nomination at the AGM at the end of this season, the Life Members encourage nominations for future Life Membership where you think members may meet the full criteria.

Justin Houlihan
Chair Life Members

DIRECTOR OF FINANCE

DALE NEPEAN

After 2 successive years of Covid-19 affected negative financial results, it is pleasing to report that the Warrnambool Surf Life Saving Club operated profitably for the 2021/2022 financial year and that we continue to operate from a sound financial position.

The club recorded a net profit of \$22,083 for the financial year, which represents a turnaround of \$41,345 from the previous period and although we did lose one or two significant sources of income in the past year, some great work by club members has helped overcome these issues and aided in returning this net operating profit.

As at 31st March, 2022, we held a total of \$344,580 in club bank accounts and although this represents a decrease of \$4,742 from the previous year's balance, it can be viewed as a positive result after the club outlaid just over \$100,000 on the architect and consultancy fees required to get the club redevelopment project up and running.

All audited Financial Statements are attached to this report and as always, I would be more than happy to answer any questions or queries from club members regarding any aspect of the club's financial operations.

Some items that can be identified as either significantly affecting this year's financial results or warranting discussion or disclosure include the following:

- Due to a reduction in Covid-19 lockdowns, our tenant (Simon's Waterfront) was able to open for more weeks of the year and although, some rent relief was provided, rental receipts increased nearly \$12,000 from the previous year.
- Significant expenditure in the 2020/2021 year (coupled with the desire to minimise spending on the current building in this period) saw us spend more than \$41,000 less on building repairs and maintenance for the 2021/2022 financial year.
- Hall hire and income from social activities and bar receipts increased by around \$13,000 as covid restrictions were eased and the club could hold more functions and events.

CONTINUED

- The club once again invested heavily in equipment for both competition and core lifesaving operations. The club purchased more foam rescue boards and more fibreglass and soft nipper boards. We also purchased and number of new training dummies and other innovative first aid and lifesaving training aids.
- James Kol and Alan Auslebrook were able to secure a number a lucrative and ongoing sponsorship agreements with local businesses or organisations. This large increase in sponsorship income helped offset the loss of the Covid-19 support that received in previous periods from the government, local council and LSV.
- As usual, the club was fortunate to benefit from a number of significant personal donations to the club in the past period and we would particularly like to acknowledge the following for their generous donations over the past 12 months; The Blackney family, Clark Smock, Ian Cumming and Mary Nicholson.

At the extraordinary general meeting held on 01/04/2022, one of the items changed in the club's constitution was the club's financial year period. From hereon, our financial year will come into line with most organisations and run from July 1 – June 30. As the club's patrol and competition season does not actually end until well into April, it makes sense to include the whole club season in the same financial period.

From an administrative point of view, the issues relating to membership renewals and the requirements for members to register all details on the SLSA system continued to cause problems. This year, we adopted and implemented the Shopify platform for the club's online store. Shopify was used for new memberships, membership renewals, apparel purchases, carnival entries and other programs such as gym membership and junior competition squad entries. Although reasonably successful, the implementation of the Shopify platform did not alleviate all of the confusion caused by the membership process and we will once again attempt to try to make the process as easy as possible for everybody as we head into the new season.

Once again, I wish to thank Angela Cook for her advice and assistance in compiling the end of year Financial Statements and we also once again thank McLaren Hunt Financial Group for completing their comprehensive audit on the club's operations for the 2021/2022 year and for their feedback and recommendations for further improving our financial processes.

Zoe Stephens and Rachel Main also deserve a big thanks for their management and handling of the club's apparel department. This season's apparel ideas were fantastic, with the grey club sweatshirts and maroon polar fleeces exceptionally popular.

CONTINUED

As this will be my final season as Treasurer, I would once again like to thank the Board of Management and all club members for entrusting me with the responsibility of the Treasurer role for the past 3 years. I wish my successor the best of luck for the upcoming season and the years beyond. With the planned clubhouse redevelopment, the club is heading into an extremely exciting new era and now that we hopefully have the worst of the Covid-19 pandemic behind us, I look forward to watching club prosper and grow year by year.

Dale Nepean

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Reform Act 2012 and is a Charity registered under the Australian Charities and Not-for-profits Commission Act 2012 .

The financial report has been prepared on an accrual basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non current assets.

The following material accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

Accounting Policies

(a) **Income Tax**

The Board believe the club is exempt from the payment of tax under Section 50 of the Income Tax Assessment Act 1997. The club is registered with the ACNC as a public benevolent Institution.

(b) **Inventories**

Inventories are measured at the lower of cost and net realisable value.

(c) **Property, Plant and Equipment**

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, less any accumulated depreciation and impairment losses.

Plant and equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses. The carrying amount of plant and equipment is reviewed annually by the Club to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets' employment and subsequent disposal. The expected net cash flow have been discounted to their present values in determining recoverable amounts.

WARRNAMBOOL SURF LIFE SAVING CLUB INCORPORATED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

(c) Property, Plant and Equipment (cont.)

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Warrnambool surf Life Saving Club and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

Leasehold Improvements

Leasehold improvements are carried at cost or fair value, less, where applicable, any depreciation and impairment losses. The land and buildings are owned by the Warrnambool City Council. The carrying amount of plant and equipment is reviewed annually by the board members to ensure it is not in excess of the recoverable amount of these assets.

Depreciation

Fixed assets are depreciated on a straight line basis over their useful lives to the economic entity commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

Plant and Equipment	10% - 40%
Leasehold Improvements	2.5 - 4.76%

The assets' residual values and useful lives are reviewed and adjusted, if appropriate, at each balance date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income.

Treatment of Equipment Purchased

The organisation has an internal policy to expense all equipment under \$10,000 purchased during the year.

(d) Impairment of Assets

At each reporting date the Warrnambool Surf Life Saving Club reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value-in-use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the Statement of Comprehensive Income.

WARRNAMBOOL SURF LIFE SAVING CLUB INCORPORATED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH, 2022**

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

(d) Impairment of Assets (cont.)

Where it is not possible to estimate the recoverable amount of an asset, the Club estimates the recoverable amount of the cash-generating unit to which the asset belongs.

(e) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less and bank overdrafts. Bank overdrafts are shown within borrowings of current liabilities on the Statement of Financial Position.

(f) Accounts Receivable

Accounts Receivable and other debtors include amounts due from members as well as Hall Hire Income outstanding and other outstanding monies relating to the 2021/22 season. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

(g) Revenue

Revenue from the sale of goods is recognised upon the delivery of goods to the members or customers.

Non-reciprocal grant revenue is recognised in the profit and loss when the entity obtains control of the grant and it is probable that the economic benefits from the grant will flow to the entity and the amount of the grant can be measured reliably. If conditions are attached to the grant which must be satisfied before the entity is eligible to receive the contribution, the recognition of the grant as revenue will be deferred until those conditions are satisfied.

Donations and bequests are recognised as revenue when received unless they are designated for a specific purpose, where they are carried forward as prepaid income on the balance sheet.

All revenue is stated net of the amount of goods and services tax (GST).

(h) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables are shown inclusive of GST.

WARRNAMBOOL SURF LIFE SAVING CLUB INCORPORATED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH, 2022**

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

(i) Accounts Payable and Other Payables

Accounts Payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period that remain unpaid. The balance is recognised as a current liability within the amounts normally paid within 30 days of recognition of the liability.

(j) Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

WARRNAMBOOL SURF LIFE SAVING CLUB INCORPORATED
STATEMENT BY MEMBERS OF THE BOARD

The Board has determined that the Association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the Board the financial report as set out on pages 1 to 11:

1. Presents a true and fair view of the financial position of Warrnambool Surf Life Saving Club Inc. as at 31 March 2022 and its performance for the year ended on that date.

2. At the date of this statement, there are reasonable grounds to believe that Warrnambool Surf Life Saving Club Inc will be able to pay its debts as and when they fall due.

This Statements is made in accordance with the resolution of the Board and is signed for and on behalf of the Board and is signed in accordance with subs 60.15(2) of the Australian Charities and not-for-profits Commission Regulation 2013.

INDEPENDENT AUDIT REPORT TO THE MEMBERS OF WARRNAMBOOL SURF LIFE SAVING CLUB INC.

Qualified Opinion

We have audited the special purpose financial report of the Warrnambool Surf Life Saving Club Inc., which comprises the balance sheet as at 31 March 2022, the statement of comprehensive income, statement of changes in equity, and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and statement by members of the committee.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the limitation discussed in the basis for qualified opinion paragraph not existed the financial report of the Warrnambool Surf Life Saving Club Inc. presents fairly, in all material respects the financial position of Warrnambool Surf Life Saving Club Inc. as at 31 March 2022 and of its financial performance for the year then ended in accordance with the accounting policies described in note 1 to the financial statements, and the *Australian Charities and Not-for-profits Commission Act 2012*.

Qualification

As is common for organisations of this type, it is not practical for the Warrnambool Surf Life Saving Club Inc. to maintain an effective system of internal control over income until their initial entry in the accounting records. Accordingly, our audit in relation to these income amounts was limited to amounts recorded.

The club did not complete a stocktake at 31 March 2022 of stock on hand, as such we were unable to verify the accuracy of amounts recorded.

Basis of Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Warrnambool Surf Life Saving Club Inc. in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia, and we have fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist Warrnambool Surf Life Saving Club to meet the requirements of the *Australian Charities and Not-for-profits Commission Act 2012*. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Financial Report

Management is responsible for the preparation of the financial report in accordance with the requirements of the *Australian Charities and Not-for-profits Commission Act 2012* and for such internal control as management determines is necessary to enable the preparation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Warrnambool Surf Life Saving Club Inc. or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the Warrnambool Surf Life Saving Club Inc.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Warrnambool Surf Life Saving Club Inc.'s internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Warrnambool Life Saving Club Inc. ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Warrnambool Surf Life Saving Club Inc. to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independence

In conducting our audit, we have complied with the independence requirements of Australian professional ethical pronouncements.
